

# Smart Tag<sup>®</sup> and Smart Tag<sup>®</sup> XL

*The Next Generation of Offender Tracking*

**SMALL - RUGGED - CAPABLE**

### **Small & Lightweight**

Weighs Only 2.4 ounces 2x2 inches square and protrudes only .9 inches from ankle

### **3G GSM Communication**

Provides improved communication and fewer "dead" areas.

### **Instant Activation**

Buddi Tags are always on when charged, so installation and activation takes only seconds. No more waiting for GPS!

### **Battery Life**

Smart Tag<sup>®</sup>: 2 to 5 days of battery life between charges.  
Smart Tag<sup>®</sup> XL: 50% more battery life.

### **Indoor Tracking**

Full time tracking when indoors or urban canyons using our proprietary Convergent Location Technology.

### **Simplified Installation**

No pins, no screws, no cutting. Select the proper size strap, snap it into the tag and around the ankle. Done!

### **Wireless Charging**

Wearer simply snaps on our wireless On Body Charger and remains mobile.

### **Cut Resistant Straps**

Pre-sized straps from 7 to 18 inches in length with embedded Kevlar<sup>®</sup> and stainless steel

*Actual Size*

## **FLEXIBLE SOFTWARE**
