

## TITANIUM GEOSATIS GPS BRACELET AND MOBILE CHARGER

GEOSATIS offers the most secure, reliable and convenient one-piece GPS device on the market - combining a unique, robust and easy-to-use toroidal shape design with state-of-the-art secure and precise locationing technologies.

### Bracelet

#### Secure

- Patented titanium reinforced design
- Military grade encryption protocols
- Tamper detection

#### Reliable

- Multiple geo-tracking technologies: GNSS, cellular network locationing
- Multiple GSM cellular carriers for data communication
- Design requires no straps; eliminating strap tamper alarms and minimizing overall tamper alarms

#### Convenient

- Tool-free, no consumables, remote opening
- Quick installation / removal (< 15 sec)
- 30+ hour battery operation on a full charge

Optional Mobil Charger

Key Optional

### Mobile Charger

#### Convenient

- Quick and easy installation onto GPS bracelet
- Charged using micro-USB cable: separately or simultaneously with GPS bracelet
- Charging progress visualized on LCD display

#### Mobile

- Attaches to GPS bracelet for charging on-the-go
- No need to be tethered to a wall
- 2-3 hours to full charge

GEOSATIS offers secure, reliable, convenient and cost-effective offender monitoring technology for the community supervision of parolees, probationers and defendants; and works with criminal justice agencies to enhance public safety, improve offender rehabilitation and reduce recidivism.
